# About Picis

Picis is a global provider of clinical information solutions in healthcare, focused on automating the full perioperative experience through one contiguous patient record. Our comprehensive suite supports the entire surgical journey, from preoperative assessment to anesthesia, PACU, and critical care, improving workflow efficiency, clinical visibility, and patient outcomes. Learn more at [www.picis.com](http://www.picis.com)

# Behind the Build

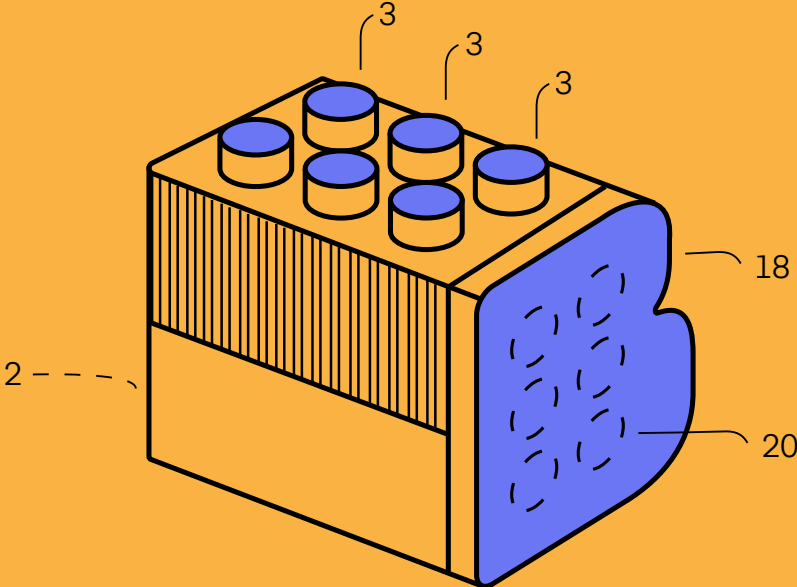

Playwell Bricks started off with a simple mission: use the joy of LEGO® play to delight, inspire and deliver competitive advantage. We've grown to a team of like-minded individuals working with some of the best-known brands in the world, delivering incredible projects of all shapes and sizes – and we're more passionate than ever about working with our clients to create amazing builds.

Play is how human beings unleash their creativity and how we learn to ideate and innovate. It's good for team culture, great for fresh thinking and crucial for long-term competitive advantage. Playwell puts the power of LEGO® to work for you by helping your company tap into the power of creative play in unique and innovative ways.

Thank you for choosing us to be a part of your build!

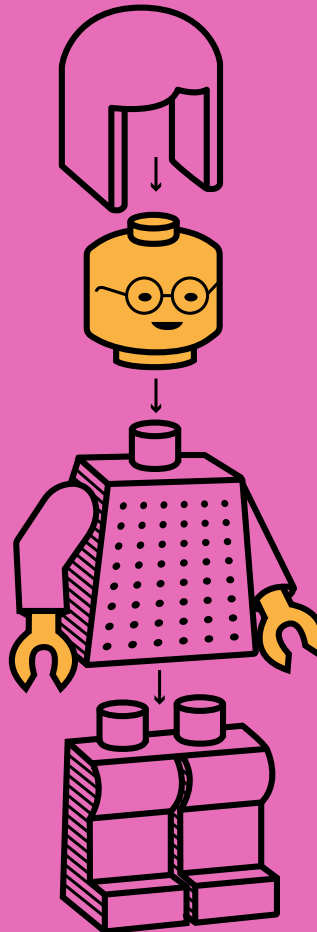

Jason Pyett Founder of Playwell Bricks

# Build Instructions:

Let's get to ~~work~~ play!

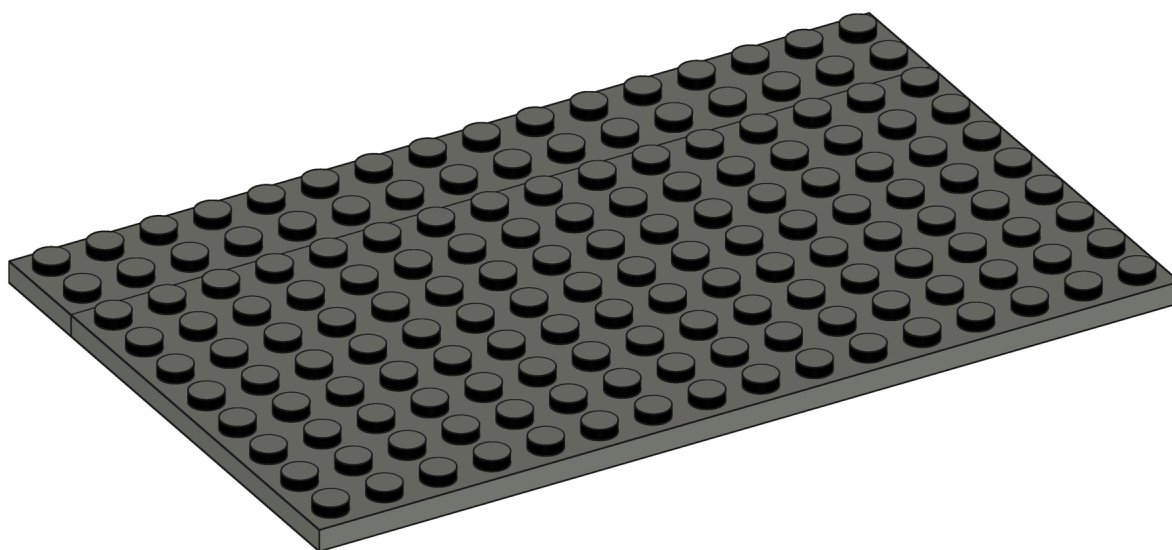

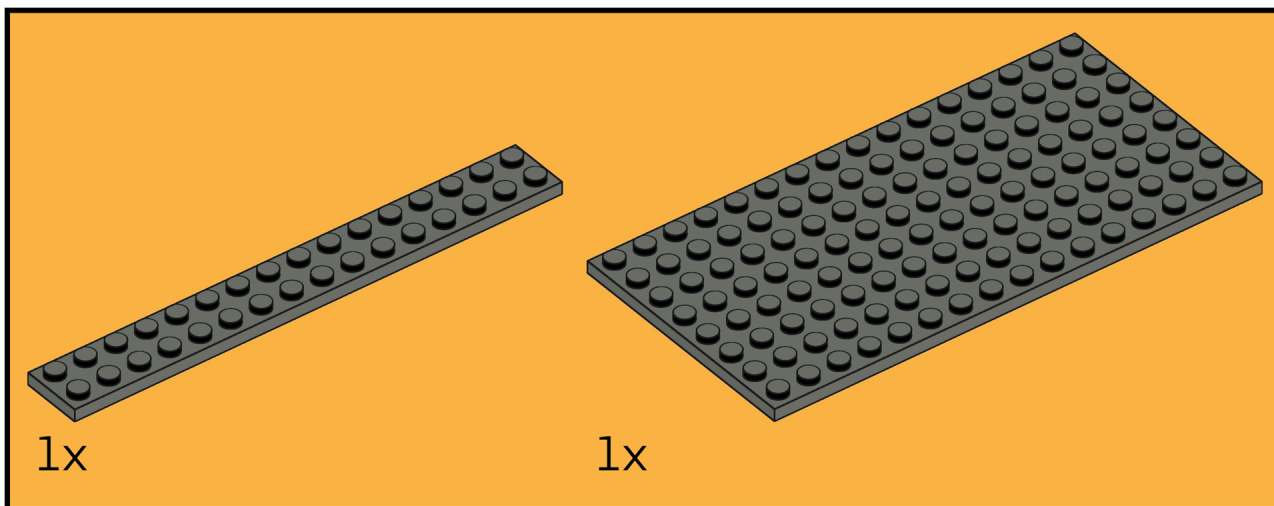

## Your partners in play.

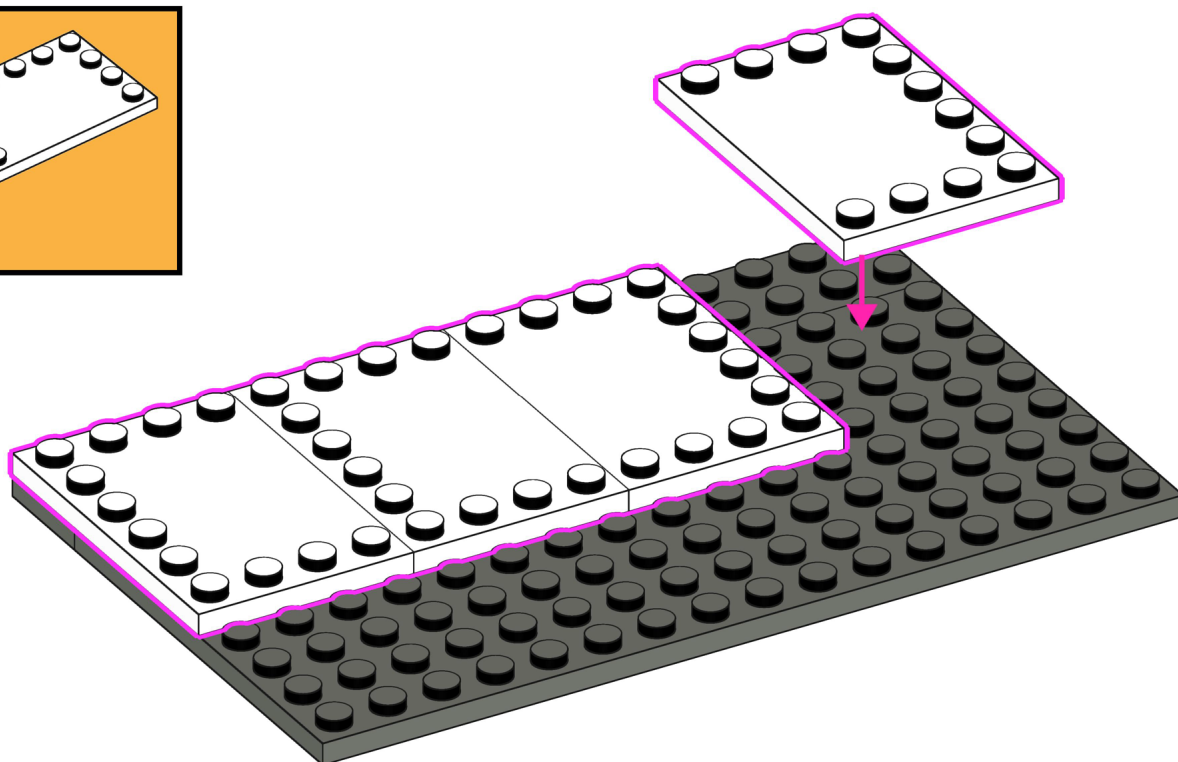

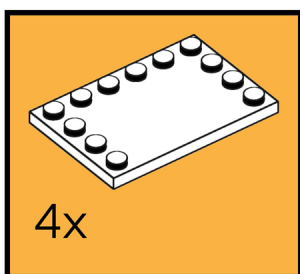

*Set Design:* Eric Dubois Y.  
*Test Build:* Yvonne Strijbos  
*Instructions:* Paul Lavallée

And the Picis Team
